Professional Summary

I am a tech enthusiast and Flutter developer with a passion for software development. I have hands-on experience in building mobile and web applications using Flutter, Firebase, Google Cloud, One Signal, and state management like MobX and Provider. Skilled in Agile methodologies, backend integration, clean architecture, and version control, I am seeking opportunities in a progressive company to learn, grow, and contribute to innovative projects.

Skills

Technical Skills

- Flutter, HTML, CSS, JavaScript, MobX, Provider, Figma (UI/UX Design), Node JS
- Restful APIs, One Signal, Google Cloud, Firebase
- Git, GitHub, Bitbucket
- Backend integration, clean architecture
- Object-oriented programming, Agile methodologies

Soft Skills

- Problem-solving and troubleshooting
- Fast learner
- Excellent Communication Skills
